# Greening

**The MEET & MATCH forum organisers are actively working on minimising the environmental impact of this event through the following measures:**

Participants have been encouraged to limit the environmental impact during their journey/stay and to offset the carbon emissions from travelling;

The catering service provider uses reusable dishes and cutlery, which will be washed with biodegradable soap;

No food waste will be produced, leftover food will be donated to a local non-profit organisation;

All ingredients used will be produced locally (km 0);

All event-related communication with the participants is sent electronically in order to minimise paper usage;

This booklet, workshops paper materials, signs and posters have been produced on recycled paper;

Participant badges are printed on recycled paper and the badge holders are reused;

No specific MEET & MATCH forum gadgets have been produced by the event organisers.

# About

The Interreg Alpine Space programme is the EU transnational cooperation programme for the Alps. Partners from the seven Alpine countries work together to promote regional development in a sustainable way. In the period 2014-2020, the programme co-finances projects in the following four priorities: Innovative Alpine Space, Low Carbon Alpine Space, Liveable Alpine Space and Well-governed Alpine Space. Currently 33 projects are being co-financed.
