What is JEMS

What is it:

- Versatile monitoring tool used by 50+ programmes
 - Application tool
 - Reporting tool
 - Digital archive
-
- Continuously improving
 - Built on best practice
 - Free-license basis between Interact and INTERREG programmes

Useful resources

✓ Jems Guidances

- for applicants
- for approved projects

✓ Jems SetupNotes included with LoD

✓ Video tutorials

✓ Helpdesk: jems@alpine-space.eu

The screenshot shows the 'Jems Guidance' page. At the top, there is a navigation bar with 'Interreg Alpine Space' logo and links for 'National Information', 'Intranet', 'Contacts', and 'Search'. Below the navigation bar, there are links for 'About us', 'For project applicants', 'For project partners', 'Our projects', and 'News & Events'. The main content area is titled 'Jems Guidance' and is divided into two columns. The left column is titled 'What is Jems?' and contains text explaining that Jems is a tool for project applicants and project partners to create and submit application forms, and to monitor the implementation of projects. It also mentions that Jems is the successor to the electronic Monitoring System (eMS) and provides a link to access the Alpine Space Jems at <https://jems.alpine-space.eu/>. The right column is titled 'Download the guidance' and contains two buttons: 'Download guidance for applicants (v3.5)' and 'Download guidance for approved projects (v4.2)'. Below the buttons, there is text explaining that the guidance for approved projects includes instructions on contracting, project privileges, modifications, partners reports and project reports.

The screenshot shows a video tutorial titled 'Jems tutorial on project privileges and contracting'. The video player interface is visible, showing the title 'Application form ASP0700492 - Contracting DEMO' and a 'Project overview' section. The overview includes details such as 'Project name', 'Project start', 'Project end', 'Project status', 'Project description', 'Project objectives', 'Project results', 'Project budget', 'Project funding', 'Project partners', and 'Project contacts'. The video player controls are visible at the bottom.

The screenshot shows the 'Legal provisions and contact' page. The title is 'Legal provisions and contact'. Below the title, there is text stating 'The legal provisions for the registration and use of the Alpine Space Jems can be downloaded here.' and a link to 'jems@alpine-space.eu'. To the right, there are two icons representing legal documents: 'Terms of service, data protection and cookies usage policy' and 'Jems accessibility statement'.

My project application has been approved!

What are the next steps?

As lead partner:

- Inform the partnership about:
 - o registration on Jems
 - o the resources available to support users (Guidances, tutorials and helpdesk)
 - o Collect the usernames of my partnership
 - o Enable notifications
- Modify the AF according to the letter of deficiency
- Set up the section „Project privileges“ with the usernames
- Countercheck that partners have entered partner details in Jems

As project partner:

- Register on Jems and get familiar with the resources
- Enter the information on my organization in Partner details

Hands on

For project partners

Programme manual
& resources

Implementation

Implementation

In the programme manual, project managers and partners will be provided with information and guidance related to the implementation of their project, after approval and for the whole project duration:

- First level control manual
- Public procurement
- State aid
- Project communication
- Ownership of project outputs and intellectual property rights
- Project changes
- Reporting
- Greening
- Project management

See the chapter D. of the programme manual.

Further information on reporting and eligibility can be found in the [FAQ – Frequently asked questions](#) and in our video tutorials:

-  [Video tutorial - Eligibility](#)
-  [Video tutorial - Financial control](#)
-  [Partner report - Offline template](#)
-  [Project report - Offline template](#)
-  [Midterm review factsheet](#)
