

**INTERREG Alpine Space**

**“e-mobility SMART grid for passengers and last mile freight  
transports in the Alpine Space – e-SMART”**

## **Best Practice Template**

**June 2021**

## Best Practice

1. General Information		
<b>Title of the practice</b>	<i>T2 Smart City</i>	
<b>Specific objective</b>	<i>Implementation of smart city platform</i>	
<b>Main institution involved</b>	<i>Municipality of Logatec, T -2 d.d.</i>	
<b>Location of the practice</b>	Country	<i>Slovenia</i>
	Region/City	

2. Detailed Description	
<b>Detailed information on the practice</b>	<p>T-2 Smarty city platform is automated data collection (from IOT devices) and communication platform, which provides municipal authorities with information about local area and at the same time it provides local residents about information about community (either by app, website, or SMS) in real time.</p> <p>IOT platform »T-2 Smart Cities« consist of building new telecommunication infrastructure, its management and creation of »data pool«. Collected data are shared to end users via connected app, platform managers are able to access data via web control app and developers are able to access data via smart cities open platform.</p> <p>Platform is designed to support localities of various sizes and is being test implemented in several smaller towns in Slovenia.</p> <p>Platform is able to incorporate verified 3<sup>rd</sup> party applications if need arises for implementation of functionalities not already included in the platform.</p>
<b>Resources needed</b>	<i>Project is still in early pilot phase so resources are hard to determine</i>
<b>Timescale (start/end date)</b>	<i>2021/ongoing</i>
<b>Difficulties encountered/ lessons learned</b>	<ul style="list-style-type: none"> <li>- <i>Lack of knowledge of PA personnel</i></li> </ul>
<b>Potential for learning or transfer</b>	<ul style="list-style-type: none"> <li>- <i>Small local municipalities do not have resources neither in personnel, time or funding to educate decision makers in modern data platforms.</i></li> </ul>

	<ul style="list-style-type: none"> <li>- <i>Promotion of cooperation between municipalities to form consortiums for acquiring multi municipality platforms.</i></li> <li>- <i>Sharing experiences in operating a city data platform.</i></li> </ul>
