

Performance evaluation of the Interreg Alpine Space programme 2021-2027 (tasks 2-4)

Questions and answers

Question 1: 4Support EUSALP

“Is the 4Support EUSALP project the continuation/extension of the Support EUSALP project or a separate project? Why are some of the partners different? Has there been a change in AG leadership and/or presidencies until 2029?”

Answer: 4Support EUSALP is a follow-up project that builds on the results of the Support EUSALP project, which concluded its activities in December 2025. 4Support EUSALP will run for 42 months until June 2029. The partnership has been slightly adjusted to reflect changes in AG leadership and EUSALP presidencies, but the organisations hosting the EUSALP Secretariat remain the same.
